The **MM-90/45-T Power Roll** has a capacity of 90 tons turning and 45 tons support with a speed range of 2 to 61.4 IPM. It provides a constant centerline of operation while requiring less floor space than other rolls their size, and are easily changeable for varying size tank diameters. A unique and exclusive drive roll connection is positively driven by spur gears for a firm power flow. All "MM" rolls have electronic variable speed controls infinitely variable between a specified range. They also all come with a field changeable plug-in hand pendant, including "Forward-Stop-Reverse-Weld/Rapid" buttons and a speed potentiometer on 25' of cable. The Rolls operate on 460 volt, three phase, 60 cycle input power, (230V available upon request). When ordering specify 230 or 460 volts All wiring conforms to National Electrical Code Standards.

Turning Capacity ................................180,000 lbs.
Tractive Effort .................................8,314 lbs.
Load Capacity ..................................90,000 lbs.
Pipe Diameter Range .........................12' thru 16'
Speed Range .................................2 to 61.4 IPM
Motor Horse Power Rating .................5 HP
Wheel Diameter ...............................20"
Combined Wheel Face .......................32"

The **MI-45-T Idler Roll** has 45 tons support capacity each.

Weight Capacity of (1) MM-90 and (1) MI-45-T ........90 tons

MISSOURI MULE TURNING ROLL
Optional Accessories

NOTE: For steel wheels in place of rubber tires on all rolls listed ...........................................Consult Factory

For foot switch with compatible plug for Forward/Stop/Reverse (speed potentiometer on hand pendant)

For foot switch, Fast-Slow with compatible plug

For preset digital tachometer with compatible plug reads speed in IPM or CmPM

For 25' Extension Cable with compatible plugs for standard pendants and accessories

For Riser for Power Roll to Match Height of Idler Roll on Caster

For V-groove, Spring Loaded Casters for Power Roll

For V-groove, Spring Loaded casters for Idler Roll

For Model VT Track, add per 10' section

For special voltages on MM-15/5-T & MM-30/15-T

For special voltages on MM-60/30-T

For special voltages on MM-90/45-T
