40,000 LB. CAPACITY TURNTABLE
MODEL MT-400-12-VS

The Model MT-400-12- VS Turntable is designed to support 40,000 lbs and deliver smooth variable speed table rotation. The turntable comes standard with a round table equipped with (4) radial tee slots. Standard electrical input requirement are 115 volts, 1 phase, 60 cycle. The operator controls the rotation speed and direction from a hardened plastic hand pendant on 25' of heavy rubber cable. Foot switch controls are available for direction and speed control. Wired to conform to National Electrical Code Standards.

Load Capacity .................. 40,000 lbs. @ 12"
Rotation Torque .................. 53,500 inch pounds
Rotation Drive .................. 3/4 H.P. DC Motor controlled by an SCR Variable Speed Reversing Drive
Rotation Speed .................. 0.03 to .63 RPM
Control Pendant ................. Forward-Stop-Reverse, Weld/Rapid Push Buttons, speed potentiometer on 25' of rubber covered cable.
Electricals ...................... 115 Volt, 1-phase, 60 Hz input power.

MODEL MT-400-12-VS (Variable Speed)

MODEL MT-400-12-CS (Constant Speed 0.63 RPM)
Electricals 230/460 Volt, 3 phase, 60 Hertz

MODEL MT-400-12-VS TURNTABLE
Optional Accessories

For precision machined table to include "T" Slots, Pilot Hole, Table Surface, Consult Factory
For blanchard grinding of table surface only, add Consult Factory

Variable Speed Options

Foot switch with compatible plug for Forward/Stop/Reverse
(speed potentiometer on hand pendant)

Foot switch, Fast-Slow with compatible plug

Preset digital tachometer with compatible plug reads speed in RPM

Dialweld®, (shows linear speed in IPM for diameter set on diameter selector.
Dial diameter to be welded, dial weld speed, table RPM is automatically
set to weld diameter at selected welding speed) digital
meter with compatible plug reads IPM or CmPM

Tach feedback for precision speed control

25' Extension Cable with compatible plugs for standard pendants and accessories

For special voltages, (Other than 115 Volt, Variable Speed &
230/460 Volt, Constant Speed), add CONSULT FACTORY
